

Krypton3X

Dream worth pursuing

Krypton is the result of over 25 years research, development and refinement. This award-winning three-way reference floorstander combines the merits of Amphion's proprietary waveguide, low crossover point, cardioid midrange enclosure, and high-quality components. The cardioid midrange minimizes potentially harmful side and back energy, and allows Krypton3X to perform exceptionally well - even in acoustically challenging rooms or close to large reflective surfaces. Krypton makes it possible for listeners to enjoy full-range, realistic orchestral performances - without owning a concert hall - right in the comfort of their own living room.

Technical specifications

Operating principle	Three-way, vented
Tweeter	1" titanium, integrator
Mid / woofer	2 x 8" paper / 10" aluminum
Crossover point	160 Hz / 1600 Hz
Impedance	4 Ω
Sensitivity	89 dB
Frequency response	21 – 25.000 Hz -3dB
Power recommendation	100 - 300 W
Measurements (H x W x D)	1370 x 330 x 480 mm
Weight	70 kg
