WIRELESS

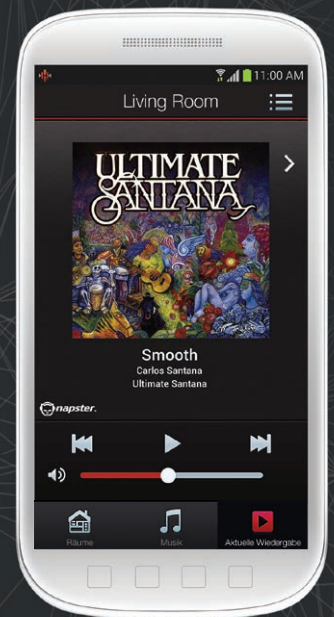

LOVE THE
MUSIC

THE HEOS APP.

A SIMPLE, EASY TO USE INTERFACE

Stream from your favorite online music services, or listen to tracks directly from your phone, tablet or USB drives. With HEOS, you have all the options you need and all the access you want.

ROOMS: Name each HEOS player according to the room where it is located. Group rooms together to play the same song in party mode. Separate rooms to play a different song in each of them.

Visit HEOSbyDenon.com to check out all the latest services available in your region.

NOW PLAYING: Instantly control what is playing in every room, view cover art or check the queue for what is coming up next. Create and save playlists.

*Availability of music services may vary by region. Not all services may be available at time of purchase. Some services may be added or discontinued from time to time based on decisions of the music service providers or others. Visit www.HEOSbyDenon.com for announcements and details.

KEY FEATURES:

The HEOS 3 produces room-filling sound from its compact and stylish form factor. Enjoy streaming music from the cloud or local files using the intuitive HEOS app for iOS and Android.

Within the stylish ported enclosure are dual Class D digital amplifiers and dual full range precision drivers. Sound is optimized via a suite of precision DSP acoustical processing algorithms that originated in the recording studio.

- Compact form factor produces amazing wide range high fidelity sound.
- Impressive volume output from such a small enclosure.

- Can be positioned horizontally or vertically.
- FREE HEOS app.
- Stream from your favorite music service such as Spotify, Deezer, Tunein, or Napster.
- Stream music stored locally on your iOS or Android smartphone or tablet.
- A USB jack and auxiliary 3.5 mm analog input jack allow playback from these sources to one or more HEOS players with perfect synchronization.
- Stream music from devices on your home network such as NAS drives and PC and Mac computers.
- Built-in dual band wireless "N" connects to standard home wireless networks.
- Ethernet jack for wired network connectivity.
