

# Helium510

Helium510 bookshelf loudspeakers have a price/quality/size ratio that hits a sweetspot for many uses and users alike. Helium510s are highly versatile and they perform well in 2-channel stereo setups, as well as home theater systems, for complete sonic and emotional impact. With advanced acoustic design principles, high-quality components, and low crossover point, they allow you to enjoy remarkable midrange resolution that remains immaculate even at low listening levels. As with all Amphions, these loudspeakers are highly adaptable to any interior design, offering a multitude of colour options.
